

CANADIAN CAMPAIGN

Active Contests All Over the Dominion.

ELECTIONS NEXT MONTH

Prominent Part to Be Taken by the Cabinet Ministers—No Truth in Report That Hays Has Resigned.

St. John, N. B., Oct. 19.—The campaign for the election of members of the Canadian Parliament on Nov. 3, upon which depends the fate of Sir Wilfrid Laurier's government, is being vigorously contested in all parts of the country. In the eastern provinces candidates have been nominated by both the Liberals and Conservatives in practically every constituency. R. L. Borden of Halifax, the Conservative leader, will begin a speaking tour in New Brunswick at Woodstock tomorrow. Cabinet ministers will also deliver numerous addresses in behalf of the Government. The Liberals are relying on the prosperity of the country and on their programme for the construction of a transcontinental railroad. The railroad plan is unpopular in this city, and the Conservatives claim they will win both seats in St. John. Hon. Andrew G. Blair, former minister of railroads and canals, resigned his portfolio and his seat in this city about a year ago because he would not accept the railroad programme, but he was later appointed chairman of the Railroad Commission. Yesterday he resigned this position, also. He announces that he still strongly objects to a Grand Trunk Pacific road, but has no intention of re-entering political life. The report was immediately circulated that Mr. Blair intended to go back to political life. He, however, said this was not the case. He leaves to take a more lucrative position, but what it is he refuses to say. The salary of the chairman of the Railway Commission was \$10,000 a year. The Liberals hope to retain their large majorities in Quebec and Nova Scotia and thus be able to offset the Conservatives' strength elsewhere.

CATHOLICS WANT TO VOTE.

Bishops of Italy Petition Pope to Allow Them to Take Part in Elections.

Rome, Oct. 19.—Several bishops of North Italy, including Cardinal Ferrari, archbishop of Milan and a close friend of the pope, have petitioned him personally to consider whether the moment has not arrived to allow Catholics to participate in the general election. According to the petitioners, their abstention from voting the last thirty-four years has brought no advantage to the claims of the Vatican, while it has seriously endangered the interests of religion by entrusting the power to the open enemies of the church, and they believe that if the Catholics are allowed no vote, if not for real clerical candidates at least for Conservatives, it would insure the presence in the chamber of deputies of a strong party capable of preventing the passage of bills aimed against religion. The pope has not yet taken a decision, but he has asked for the opinion of the most authoritative cardinals.

REFORMS FOR ITALY.

Cabinet Declares Substance of Programme.

Rome, Oct. 19.—The Royal decree fixing Nov. 8 for the general elections, and Nov. 16 for the supplementary balloting also appointed the opening of the new Parliament for Nov. 20. The decree was accompanied by a report of the premier setting forth the situation, and giving the Government's programme as liberty, order and peace, for which the cabinet asks the support of the electors. All the ministers join in signing the statement of the Government's motives. The ministers declare the Government has fully carried out their programme, which the Chamber had approved, particularly the policy concerning commercial treaties and the development of state railroads.

Civil War Veterans' Monument at Schuylerville, N. Y., Unveiled.

Schuylerville, N. Y., Oct. 19.—The one hundred and twenty-seventh anniversary of the surrender of Sir John Burgoyne to Gen. Horatio Gates was observed yesterday by the dedication of the civil war veterans monument, in the shadow of the lofty Saratoga battle monument. Owing to the severe frost the early morning was a counterpart of the historic day of which historians tell. The monument is of Barre granite, seventeen feet high, including the base, sub-base pedestal and the statue. The statue is that of a soldier standing at rest.

SOCIETY WOMEN AS ST. CAR CONDUCTORS

Running Rutland's Street Railways Today for Sweet Charity's Sake—All Kinds of Fares Paid.

Rutland, Oct. 19.—Fourteen of Rutland's young society women acted as conductors of the cars of the Rutland Street Railway company today in connection with the annual harvest festival given under the auspices of the Rutland Missionary association for the benefit of the Old Ladies' home. They were Miss Jennie C. Temple, Miss Mabel L. Kirk, Miss Zeoline Stafford, Miss Laura B. Atherton, Miss Bednice R. Tuttle, Miss Mary E. Hodadon, Miss Elizabeth L. Swinington, Mrs. Fred D. Harlow, Miss Cassie S. Winship, Mrs. H. W. Brooks, Miss Helen E. Grimm, Miss Alice Durkee, Mrs. Fred W. Watkins and Miss Jessie Davis. The arrangement of the society with the street railway company provided that all the money received by the young women conductors over the average Wednesday's receipts should be retained by them for the home.

Many of the passengers paid their fares with bills of large denominations and refused to take any change while half dollars and dollars were very common, so when the money is counted tonight the home will probably have netted a large sum.

The Old Ladies' home was open to visitors and many contributions of eatables and clothing were made. The home has been full all of the time during the past year and the drain on its resources very great, but the contributions of today will probably keep the institution on its feet.

CHILD LABOR DENOUNCED

In Report Made to the Bishops in Convention.

LABOR UNIONS ESSENTIAL

To the General Well Being—Closed Shop Discussed—What Church Can Do for Industrial Peace.

Boston, Oct. 19.—In a report of the relations of capital and labor to the House of Deputies of the Episcopal convention, in session at Emmanuel Church, which was submitted today, it was declared that the organization of labor is essential to the well being of the labor people. It also denounced child labor as one of the crying evils of the land.

The report was signed by Bishop Henry C. Potter, of New York; Bishop William Lawrence, of Massachusetts; Bishop Condit Charles P. Anderson, of Chicago; Rev. Dr. R. H. McKim, president of the House of Deputies; Dean George Hodges, C. B. Williams, Samuel Mather and Jacob Riis.

"The purpose of organization," the report says, "is to maintain such a standard of wages, hours and conditions as shall afford every man an opportunity to grow in mind and in heart. Without organization the standard cannot be maintained, in the midst of our present commercial conditions."

The standing commission on the relations of capital and labor was appointed by the general convention of 1901, on the motion of the Rev. Dr. R. H. McKim, of Washington, and its duties were defined as follows:

First, to study carefully the aims and purposes of the labor organizations of our country.

Secondly, in particular, to investigate the causes of industrial disturbances, as these may arise.

Thirdly, to hold themselves in readiness to act as arbitrators, should their services be desired, between the men and their employers, with a view to bringing about mutual conciliation and harmony, in the spirit of the Prince of Peace.

The commission was directed to give an account of its proceedings to the general convention.

The commission called attention to the analogy between certain offences of the unions and like offences of both the

capitalists and the churchmen. The employers' blacklist was found to correspond to the union boycott and both were akin to the major excommunication. The commission considered that the lockout and the strike were of the same nature. The laborer has learned from the capitalist to despise order and break law. He has learned from the churchmen to pursue the dissenter with menace and violence.

The report condemns the tyranny and violence of labor unions and maintains that every citizen has a right to employ whom he will. It deprecates the condemnations of unions because they have made errors. The report also criticizes capitalists and condemns child labor.

Both houses of the Episcopal general convention which was opened here on October 5 have voted in favor of final adjournment on Tuesday next. There is still much business to be considered, but some of it will not be disposed of until the next convention, which is to be held at Richmond, Va., in 1907.

1,500,000 TONS SHORT.

The Bituminous Coal Output of Pennsylvania.

Philadelphia, Pa., Oct. 19.—The production of bituminous coal in the central district of this state has been less by more than 1,500,000 tons this year than it was in the same period last year. Shipments of the product over the Pennsylvania Railroad alone have fallen off more than 1,000,000 tons. To the operator the situation has become alarming, and he says there is little hope of improvement until the wage scale is made next year. The slump is attributed to the sharp competition of West Virginia operators.

NO POLICY WRITING IN CHICAGO.

One Notable Suppression Achieved by Citizens' Association.

Chicago, Ill., Oct. 19.—One notable achievement, the suppression of policy, is recorded in the thirtieth annual report made to the Citizens' Association. Progress also is said to have been made in the efforts to improve the efficiency of the police department and to secure the punishment of bookmakers. When the association began its efforts in May, 1903, the report says, there were 1,200 to 1,500 policy writers operating in every quarter of the city.

ECONOMY IN PHILIPPINES

Retrenchment to Effect Every Department.

TEACHERS TO BE DISMISSED

To Number of Two Hundred—Anxiety Caused by the Unexpected Move for Economy.

Manila, Oct. 19.—Nearly two hundred American teachers will soon be dropped from the rolls of the Department of Education in these islands. Dr. David P. Barrow, general superintendent of education, recently issued a circular letter in which he announced that because of the reduction in the annual appropriation for teachers' salaries the division superintendent should report the names of those who could best be dispensed with. Already this has been done in several cases. Dr. Barrow's letter has caused alarm in the ranks of the teachers, as the announcement was unexpected. It is understood that several teachers are on the way here now, and what disposition will be made of them is not known. Under what conditions the teachers dismissed will be sent back to the United States has not been announced. The same policy of retrenchment, it is said, will affect other departments.
